

# Eagle Canyon Trophy Trout

January 9, 2019

Fishmaster: Joe Jimenez

The Eagle Canyon Outing was held on Jan. 9, 2019 and attended by myself, my son Joseph Jimenez, Bob Parkyn, Mike Trujillo, Craig Williams and his 11 year old Grandson Logan, Dennis Larson, Rick Healy and his guest Keith Shepards. We had all arrived when the gate was opened at 8:30 on a wet and brisk morning with rain and high winds in the forecast.

After a short briefing we donned our waders grabbed our fly rods and headed for the ponds.

Most of us waded or bank fished.

But some like Dennis Larson braved the wind and ventured out on their float tubes.

Craig's grandson Logan had the first catch of the day. A nice 6 lb. plus Rainbow!

We fished until about noon and in small groups stopped for lunch.

The weather proved to be much better than the forecast predicted. We did get some rain but the wind wasn't sustained or as strong as was expected. We were even treated to a beautiful rainbow in the afternoon.

All in all it turned out to be a successful day of fishing for all. There were 20 or more fish netted and many more hooked up and lost. Keith Shepards had the hot rod with 5 fish netted! Rick Healy scooped 3 into the net. Bob Parkyn was a happy camper after netting his first 2 Eagle Canyon Trophy Trout!

Thank you all for attending this outing. I'm hoping you had as much fun as I did. I look forward to fishing with you in the future.

Joe Jimenez
